Overall Reachability

All Locations

Average Score

84/100

Critical Failures

0 failures

What the Average Score Means

Your **Average Score** (across all tested China locations) summarizes overall accessibility and usability. It reflects connectivity, successful loading of important resources, and real-world performance.

84/100

Average Score

Partially Accessible

Noticeable slowdowns or missing elements

The site loads but users may experience visible delays, broken features, or layout issues.

Improve your reachability score

Resources

Errors

Resources Summary

Total Resources:

146

Unreachable Resources:

3

Slow Resources:

31

Success Rate:

98%

⊗ Unreachable Resources

For performance reasons, our backend is configured to timeout resources after 10 seconds. Any resource taking more than 10 seconds will be reported as unreachable, even if it might load when given more time. These resources may significantly impact your site's loading performance.
